

I want to congratulate you on your patience. If I could, I would put my arm around every individual who is a Democrat and bring him back into the fold of true Democracy.

### In Union There Is Strength.

To win this fight, you must unite and never let up. Every office must be filled by a Democrat. I hope the day will come when the white line will grow largely and the other white line will stop making poll taxes for the black line. Some one stated I came here to open a breach. It will be a good day for the Democracy of Virginia if my visit here will cause any breach in the straight-out Democratic line in Northern Virginia. Let me conclude by begging you to pay your poll tax before May 6. Among other speakers were George W. Jones, Dr. James C. Riddick, Mayor of Norfolk, Hon. J. C. Parker of Southampton county, Joseph C. Norfolk, Portsmouth, and J. S. Eason, of Norfolk.

## GREAT WORK FOR EDUCATION

line, whose health has necessitated her retirement from former activity. This testimony was in the form of a series of resolutions warmly commending her zeal and intelligent efficient work. It was adopted by a rising vote.

### Session in Detail.

The meeting was called to order by Mrs. B. H. Munford, and at her suggestion a gentleman was chosen to preside at this meeting. Dr. S. C. Mitchell was selected and presided during the evening.

After the minutes of the preceding meeting had been read and approved, Mrs. Munford read her report as president. It was a carefully prepared paper reviewing in some detail the work of the association during the past year, and showing what had been accomplished and what lines of work were being prosecuted. Some valuable suggestions for the future were contained in the report in the form of recommendations. The report was listened to with much attention and adopted.

Secretary Albert H. Riddle's report for the year showed that the association had grown to a membership of 339, of whom twenty-one were life members. Other reports showed that more than 300 members had been secured during the past three months, and it is confidently expected that the membership will reach a thousand by June 1. While the ladies are numerous and prominent in the organization, there are many gentlemen who take an active interest in the work of the association.

Miss Van Vort submitted the report of the Membership Committee, showing, as just stated, the gratifying increase in membership and the wide and growing interest in the organization.

### Spreading Over the State.

Mrs. L. R. Dashiell read the report of the lecture series, showing the report of the various associations, showing that the work of this association is gradually spreading throughout the State and crystallizing into organizations in the various counties.

Miss Carrie Lee Campbell read the report of the Art Committee, outlining its work during the year, which has been a valuable contribution to the records of the association.

Mrs. W. W. Archer submitted an interesting and well prepared report on the nature work of the association, showing the growing interest in the work.

Mr. J. H. Binford submitted the report of the Teachers' Committee, an interesting and valuable contribution to the records of the association.

Miss Alice M. Parker's report on kindergarten work was next submitted. This is a valuable contribution to the records of the association, and is still making substantial achievements. The report was a very interesting one.

Mrs. W. E. Robins submitted a valuable report on city history, and Mrs. E. C. Minor and Mrs. Archer read reports on the Library Committee and the Educational Association, respectively.

Mr. W. A. Crenshaw made the report of the Committee on Manual Training, a valuable contribution to the records of the association, and is still making substantial achievements. The report was a very interesting one.

It was at this point that a series of resolutions were read, prepared by Mrs. Archer and Mrs. Robbins, were adopted by a rising vote. These resolutions were also expressive of the regret of the association at the inability to resume her former activity, and will further contribute to the former president and her great work in this association.

### Several Addresses.

Addresses were made by Mr. Eugene C. 23rd, Mayor Carlton McCarthy and Mr. W. A. Crenshaw on the work of the association, the speakers making many valuable suggestions, besides commending the work of the association.

The officers for the ensuing year were elected as follows: President, Mrs. L. H. Munford; Vice-President, Mrs. L. R. Dashiell; Secretary, Mr. Albert H. Riddle; Assistant Secretary, Mr. Julian C. Thomas; Treasurer, Mr. George W. Jones; and Mr. Robert M. Jones.

Announcement was made of the conference in this city in May of the Eastern Educational Association, embracing associations from the various North and Middle Atlantic States. This body will attract to this city many prominent practical educators, and will further stimulate the work of the local association.

Letters Given Out.

A letter was given out to-night addressed to J. W. Alexander, and signed by James H. Hyde, in which Hyde mentioned a list of checks sent to Alexander in payment of profits on syndicate operations. Letters were also given out addressed by Mr. Alexander to Mr. Hyde and Mr. Hyde to Mr. Alexander.

Mr. Alexander also made public correspondence between himself and Hyde in which the latter turned over checks for \$63,233 as his share of syndicate profits and \$12,000 as the cost of the Cambon dinner, which was given by Hyde and charged to advertising. President Alexander, in his reply, expressed astonishment that the cost of the dinner was charged to advertising and asked what if any other personal items were paid for by Hyde out of the society's funds.

AGENTS MEET.

Hyde, Alexander and Tarbell Among the Speakers.

(By Associated Press.)

NEW YORK, April 18.—After a session at the Hotel Savoy, lasting for nearly six hours, to-day, aside from short recesses, the two hundred odd managing agents of the Equitable Life Assurance Society of the United States, assembled from all over the United States, to-day, to discuss the proposed New York State legislation to exercise its plenary power by enacting an amendment to the society's charter, "this amendment to give the policyholders admission to the directorate of the society."

The resolutions also provided that a committee consisting of one manager from every State in the Union and from Canada, together with all the managers in New York City, should be named to visit Governor Higgins and Superintendent of Insurance Hendricks and secure their assistance in getting the Legislature to act in the matter. This committee, representing the whole country, was designated before the agents finally adjourn.

Resolutions Adopted.

To-day's sessions were replete with developments. Several sets of resolutions were adopted. The first set declared that the agents pledged their "unqualified support" to President Alexander, and expressed their "entire confidence" that the president will continue faithfully and finish the work of mutualization that he has courageously begun.

There was a resolution to Mr. Hyde, and a resolution to Mr. Alexander. The resolutions were adopted by the agents giving their "unqualified approval of the firm stand taken by Vice-President Tarbell in his support of the president on the mutualization issue."

The Frick Committee of Investigation was commended by another resolution, which was adopted. It was urged to be prompt in a searching and impartial investigation of the company's affairs.

Hisses for Hyde.

Mr. Alexander opened the meeting with an informal talk, in the course of which he said:

"I am not here to mention any of the subjects under investigation by any of the committees having in charge these matters. There will be personal controversy of any nature. You have had a difficult work before you, but we hope it will be easier in a short time."

It was then Mr. Hyde was introduced. A hiss from the rear of the hall did not disconcert him. He said if he had done anything wrong, financially or otherwise, he had participated in any wrongdoing by others, he should be "kicked out," and if any other officer of the society had been guilty of wrongdoing he should be "thrown into the street."

He referred to the sale by Second Vice-President Tarbell of the latter's interest in the renewal account, and remarked that he hoped no agent would be called upon to sell a renewal interest.

Mr. Tarbell, explaining his sale of his renewal account, declared that the society made several thousand dollars on the transaction and got the best of the settlement. There was a large audience of children were greatly amused. There were a few girls, which delighted the people.

Lilliputian Wedding Repeated.

The Lilliputian wedding, so aptly presented at Immanuel Baptist Church about three weeks ago, was repeated last night. There was a large attendance and the ceremony was greatly enjoyed. The wedding was repeated by two little girls, which delighted the people.

## ASSASSINS NEAR THRONE OF CZAR

Prominent Russians Involved in Plot Just Unearthed by Government Police.

### KALEIEFF MUST DIE SOON

Slayer of Grand Duke Sergius Condemned to Death by Supreme Court.

(By Associated Press.)

MOSCOW, April 18.—The Supreme Court to-day imposed the death sentence on Kaleieff, who killed Grand Duke Sergius. The only persons present through the trial were members of the entourage of the late Grand Duke Sergius and counsel, of whom two were assigned to Kaleieff. The prisoner's mother was not admitted, but remained in the corridor.

When Kaleieff was arraigned he said: "I am not a criminal, and you are not my judges. I am your prisoner. We have a civil war; I am a prisoner of war, not a criminal."

Twelve witnesses were examined. Prior to passing sentence the president asked Kaleieff if he would repeat the crime if he were given his liberty. He replied: "Without doubt I would repeat it if ordered by the revolutionary committee, to which I am attached."

When sentence of death was passed Kaleieff shouted: "Execute your judgment openly; I have acted before the eyes of all."

The date of execution has not been specified.

### Terrorist Band Arrested.

(By Associated Press.)

ST. PETERSBURG, April 18.—Gradually more interesting details surrounding the recent arrest of a band of about a dozen terrorists are leaking out. The capture, which is regarded by the authorities as being of immense importance, was accomplished by Kshovskoy, the Russian Legation.

Alfred Henry McCullough, the man killed March 13th by the accidental explosion of a bomb at the Hotel Bristol, whose real name was Saman, was one of the chiefs of the terrorists having charge of the manufacture of bombs, and Kaleieff, who killed Grand Duke Sergius, also belonged to the same group.

After Kauman's death, Kaleieff's duties developed upon him. Kaleieff, daughter of General Leontieff, who recently was appointed governor of Yakutsk, eastern Siberia. Mile. Leontieff became a convert to terrorism during her stay at Moscow, Switzerland.

Kaleieff's identity was established through the discovery of a photograph belonging to Savinkoff, who had been his comrade both at the university and in exile.

When Kaleieff was charged with his identity he admitted it, saying immediately: "Savinkoff has been arrested."

The police later thought they had captured Savinkoff, and so announced publicly, but it turns out that the man who was charged with the murder of Savinkoff, to whom Kaleieff evidently had confided his intention of killing Grand Duke Sergius, is still safe abroad.

Among the other captured was Maklakov, a sister-in-law of Korolenko, the Russian author. She was involved in the nihilist plot to assassinate Emperor Alexander II, for which she was sentenced to fifteen years in Siberia, but at the end of seven years she escaped to America.

Perhaps the most romantic feature is the fact that Mile. Leontieff converted two places of Governor-General Trepoft-Trepoff, a sister-in-law of Korolenko, the Russian author, and that the arrest of her mentor, Mile. Trepoff, actually attempted the life of her uncle, firing two shots at him, both of which missed.

Thereupon the two girls became panic-stricken and attempted suicide. Mile. Trepoff throwing herself under a train and Princess Denishoff shooting herself. Neither of them succeeded in killing herself.

The family has since tried to make it appear that the girls' acts were the result of a mutual pact for self-destruction, both being in love with the same man, an officer of the guards.
